

17010 TEMPORARY TRAFFIC CONTROL DEVICES

PART 1 - GENERAL

- a. The Contractor shall utilize temporary traffic control devices as required by the manual for uniform traffic control devices, (M.U.T.C.D.) current edition.
- b. Temporary traffic control devices shall include, but not be limited to the following:
 - 1. Barricades.
 - 2. Signs.
 - 3. Flagger Control.
 - 4. Pedestrian and Worker Safety.

PART 2 - QUALITY ASSUME

The Contractor shall maintain all proper temporary traffic control devices, ensuring this proper function at all times.

PART 3 - UTILIZATION

The Contractor shall implement the use of required temporary traffic control devices prior to commencement of utility work at any particular work zone.
